PROFESSIONAL SUMMARY

Execution-focused and versatile professional with 5+ years of experience spanning **sales, data operations, automation, backend development, customer engagement, and structured workflow management**. Adept at designing and implementing reliable systems, maintaining organized documentation, and delivering measurable outcomes in fully remote and in-office environments.

Demonstrates strong analytical thinking, process discipline, and problem-solving skills, translating complex requirements into practical solutions. Recognized for dependability, attention to detail, and ability to contribute across technical, operational, and administrative functions.

CORE COMPETENCIES

Technical / Data / Automation

Python • FastAPI (REST API Development) • Web Scraping (BeautifulSoup, Selenium) • Data Cleaning & Validation • Machine Learning Integration (Scikit-learn, Hugging Face) • Excel Dashboards & Reporting • VBA Automation • Data Processing & Organization • Docker & Containerization • Swagger / OpenAPI Documentation • Backend Deployment (Render) • Pagination & Filtering • Explainable Recommendation Systems • Testable & Modular Service Architecture

Operations / Admin / Customer / Support

Customer Support • Client Communication • Issue Resolution • Stakeholder Coordination • Service Delivery • Documentation Management • Scheduling & Calendar Coordination • Record Keeping • Workflow Tracking • Task Prioritization • Meeting Preparation • Remote Collaboration Tools • Microsoft Office Suite • Google Workspace

Sales

Territory & Area Sales Management • Sales Target Achievement & Revenue Growth • Distributor & Retail Channel Management • Customer Acquisition & Retention • Sales Reporting & Performance Tracking • Market Intelligence & Competitor Monitoring • Team Coordination & Field Operations • Inventory & Distribution Oversight • CRM Documentation & Workflow Management • Process Improvement & Operational Efficiency

PROFESSIONAL EXPERIENCE

Airtel Nigeria – Territory Sales Manager

Lagos | Feb 2021 – May 2023

- Managed daily sales operations within assigned territory, supporting revenue generation and customer acquisition targets.
- Coordinated with distributors and retail partners to ensure consistent product availability and service delivery.
- Conducted structured needs assessments and guided customers toward appropriate solutions, improving customer satisfaction and retention.
- Maintained accurate records of sales activities, customer interactions, and territory performance.
- Prepared regular sales and territory reports using Excel to support management decision-making.
- Monitored market activity and competitor behavior to identify growth opportunities.
- Collaborated with internal teams to ensure efficient service delivery and operational consistency.

Remote Business Mentor – Upskill Universe

Remote | June 2022 – December 2025

- Delivered structured mentorship to entrepreneurs and professionals, clarifying goals and analyzing challenges.
- Implemented digital strategies improving client visibility and workflow efficiency.
- Trained clients on CRMs, analytics tools, and project management systems.
- Maintained detailed session documentation, follow-ups, and progress tracking.
- Ensured smooth remote operations, high responsiveness, and professional delivery.

Digital Solutions Intern – Uniccon Institute of Technology

Abuja | Sep 2024 – Aug 2025

- Built Text-to-Speech (TTS) pipelines and voice demos for product prototypes.
- Developed data science models to enhance product features and insights.
- Designed web scraping pipelines for targeted industry datasets and CRM ingestion.
- Produced reusable utilities and clear documentation for internal use.
- Supported workflow automation and process optimization for cross-functional teams.

Sales Representative – Guinness Nigeria Plc

Abuja | Jan 2016 – Nov 2018

- Supported daily customer and distributor interactions, ensuring product availability and visibility.

- Maintained accurate records of sales activity and outlet relationships.
 - Facilitated structured communication between sales teams, distributors, and retail outlets.
 - Delivered reliable service while managing multiple customer engagements.
-

SELECTED PROJECTS

Developer Resource Intelligence API

Live Demo: [Swagger UI](#)

- Built a production-ready backend API for curated developer learning resources with deterministic and optional ML-based ranking.
 - Developed RESTful FastAPI endpoints, Dockerized deployment, versioned access, pagination, and filtering.
 - Enabled demo mode for public testing and full authenticated mode for advanced usage.
 - Produced interactive Swagger/OpenAPI documentation for live endpoint testing.
- Key Skills:** FastAPI, Python, Docker, REST API, ML Integration, Swagger/OpenAPI, Backend Deployment, Explainable Systems

Excel Sales & Inventory Dashboard

- Designed dashboards to monitor KPIs, track inventory, and support operational decisions.
- Implemented PivotTables, PivotCharts, slicers, and VBA automation for reporting efficiency.

Data Cleaning & Analysis Projects

- Standardized dates, corrected numeric inconsistencies, recalculated metrics, and generated structured outputs for analytics.

Web Scraping & Automation Projects

- Automated data extraction workflows using Python, BeautifulSoup, Selenium.
 - Built Excel-based forms to improve workflow efficiency and accuracy.
-

TECHNICAL TOOLS

Python • FastAPI • SQL / SQLite • Excel (PivotTables, Dashboards, VBA) • Data Analysis Tools • Web Scraping Tools (BeautifulSoup, Selenium) • Docker • Swagger / OpenAPI • Machine Learning Tools (Scikit-learn, Hugging Face) • Microsoft Office Suite • Google Workspace • Remote Collaboration Platforms

EDUCATION

B.Sc. Economics

Benue State University, Makurdi | 2011 – 2016

CERTIFICATIONS

- Level 5 Certificate in Data Science – CPN-NSQ (Certificate ID: CPN/NSQ/24128594 | Awarded Nov 2025)
 - Google Fundamentals of Digital Marketing | Sept 2023
 - Google Hustle Academy Certification | Mar 2023
